

Le-Anh Tran, PhD

Seoul, South Korea | tranleanh.nt@gmail.com | tranleanh.github.io

"Once the WHY is clear, the HOW goes easy"

About Me

AI Research Scientist with **7+ years** of experience in developing advanced algorithms and solutions for **image enhancement** and **image understanding**. Proficient in **Python** and AI/ML frameworks such as **Tensorflow** and **Pytorch**. Published multiple **research papers** in **peer-reviewed academic journals and conferences**. A collaborative team player with a strong passion for advancing AI-driven technologies.

Education

PhD in Computer Vision Myongji University, South Korea GPA: 4.38/4.5	Mar 2021 – Feb 2024
MSc in Computer Vision Myongji University, South Korea GPA: 4.5/4.5	Mar 2019 – Feb 2021
BEng in Automation and Control HCMC University of Technology and Education (HCMUTE), Vietnam GPA: 8.0/10.0	Sep 2014 – Aug 2018

Experience

Research Scientist – Mindintech Inc. Seoul, South Korea <ul style="list-style-type: none">Developed vision-based solutions for advanced driver-assistance systemsResearched and developed cutting-edge algorithms for image analysis and enhancement	Apr 2020 – May 2025
Software Development Intern – OCST Co., Ltd. Seoul, South Korea <ul style="list-style-type: none">Developed a software system for object detection streaming and data management	Jul 2019 – Sep 2019
AI Engineer – FPT Software Ho Chi Minh City, Vietnam <ul style="list-style-type: none">Developed vision-based solutions in the Vietnam's first driver-less car project	Mar 2018 – Feb 2019
Teaching Assistant – HCMUTE Ho Chi Minh City, Vietnam <ul style="list-style-type: none">Assisted the lecturer during classes, prepared lesson plans, and evaluated assignments	Feb 2017 – Jan 2018

Skills

Disciplines: Image Classification/Enhancement/Translation/Segmentation, Knowledge Distillation, Deep Neural Networks, Object Detection, Vision Transformer

Programming: Python, Tensorflow, Keras, Pytorch, Conda, Darknet

Languages: Vietnamese (native), English (proficient)

Works

Academic <ul style="list-style-type: none">Published 20+ conference/journal papers as main authorServed as reviewer for 10+ academic journals, e.g., IEEE TIP, IEEE T-ITS, Biomedical Signal Processing and Control, Supercomputing, The Visual Computer	Google Scholar
Coding <ul style="list-style-type: none">Developed and contributed to 15+ projects	Github Repos
Blogging <ul style="list-style-type: none">Served as writer for Towards Data Science, Level Up Coding	Medium
Others <ul style="list-style-type: none">Currently interested in language and agent models, started learning and developing skills on these topics
